17-485 N. Sanitary Sewer User Charges

5. Residential

Each residential account shall be charged a rate of two dollars and fifteen cents (\$2.15) per one thousand (1,000) gallons of the prior year's three (3) lowest months average usage. This rate shall be increased by five (.05) cents per year, beginning April 1, 1998, and shall likewise be adjusted on April 1 of each successive year thereafter, following the calculation of the average usage. Beginning March 1, 2002 there shall be added to and charged a one dollar and seventy

five cent (\$1.75) surcharge to each residential account to be used for sanitary sewer system upgrades.

Any citizen who objects to this average rate may make application to the Utility Department by May 15 of that year for an adjustment in their calculated average rate. Said application shall be reviewed or heard by the head of the Customer Service Department and or the Finance Director. The applicant shall present clear and convincing evidence and documentation to support an adjustment in their average usage. Upon the showing of clear and convincing evidence the Utility Department and/or Finance Director may adjust the average usage.

Senior Citizens (as defined above) shall be charged the base residential rate per 1,000 gallons of average usage, however, the maximum charge per account shall not exceed the base rate times 3,000 gallons.

The maximum rate which may be charged to any new customer sewer account, until the average is established, shall be the equivalent of 6,000 gallons. As of November 2005 the charge is \$15.30. This rate will change dependent upon the rate per thousand.

If a residential customer is not able to establish an average because of itinerant behavior which causes the residence to be vacant, then the average shall be the lower of 3,500 gallons or the average of water consumption for the lowest three months of the prior 12 months.

Monthly sewer rate for residents without city water services will be \$15.00.

6. Commercial - base rate only

Beginning July 1, 1997, the base rate shall be \$2.15 per each 1,000 gallons of water usage per month. This rate shall be increased by five cents (.05) per year, beginning April 1, 1998, and likewise adjusted on April 1 of each successive year thereafter.
