PERMIT AND INSPECTIONS INFORMATION

The following information shall accompany this permit application. No application shall be reviewed or approved without the following information:

1. The Stormwater Pollution Prevention Plan (SWP3)-A detailed plan shall be submitted on the form provided by the City and shall be reviewed and approved in conjunction with this permit.
2. Copy of the Notice of Intent (NOI) that has been filed with ODEQ.

The Applicant shall inspect the job site on a bi-weekly basis for failures in the erosion control measures. For projects draining into an impacted creek, these inspections shall be made on a weekly basis.

City Officials shall make regular inspections of the job site. A 10-day warning shall be given for any failures in the erosion control measures. After the 10-day warning period, inspections in the affected area may be stopped and/or a citation may be issued.

CERTIFICATION

All applications shall be made and signed by the owner/developer of the project. This person shall be held responsible for all erosion control activities described in the SWP3. Please check that your current address and phone number are listed on page 1 of the permit application, including your emergency contact information

I certify under the penalty of law that I have personally examined and am familiar with the information submitted in the attached document and all supplements; and, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe the submitted information is true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of a fine and/or civil penalty.
