Rules to Follow When Placing Your Polycart at the Curb

The City's sanitation division is one of the busiest in the organization. Drivers arrive at 6 a.m. to prepare their trucks and begin their day-long route. Customers must follow a few simple rules to make sure the trash collection runs smoothly. Drivers will leave a sticker on polycarts that cannot be serviced which will notify the customer of the issue. Please take the time to review the rules and help our drivers deliver the best possible service.

- Do not place your cart within 3 feet of any obstruction; multiple polycarts should be set at least 2 ft. apart.
- Do not place your cart under any overhead obstruction.
- Do not overfill or place items on top of the cart. The lid must be closed and no items are to be sticking out.
- Break down cardboard and place loosely in cart.
- No automotive parts.
- No petroleum products or hazardous chemicals.
- No building materials (tile, bricks, boards, concrete, rocks, dirt, etc.)

All household trash must be in a polycart. Trash, including grass clippings, must be bagged and placed inside a polycart for pick-up. Bagged trash set by the curb will not be picked up. Residents may purchase a second cart for \$7 by contacting utility customer service at 405-793-5032.

Polycarts must be at the curb before 7 a.m. on your pickup day. Crews may alter/delay routes as necessary therefore, there is no set time for pick-up. If your polycart has not been emptied by late evening, please notify us on the City's website at cityofmoore.com **Report an Issue** or leave a message at 405-793-5070.

For large items please call Public Works at 405-793-5070 and schedule a Big Trash pickup. This service is free twice per year. Also, vouchers to the landfill located at 7001 S. Bryant Ave. Oklahoma City, OK 73149 are available for pick up at Customer Service at Moore City Hall, 301 N. Broadway. Each City of Moore utility customer is allowed one free voucher per calendar year.

Fee: \$75

Where: The Station Recreation Center

Hello friends, I'm in my second year as Mayor of Moore, and I'm grateful for your support. One of our biggest challenges is funding ongoing infrastructure needs. Historically, we've relied on voter-approved, multi-million-dollar G.O. Bonds. Now, we propose a one-cent municipal sales tax, to be voted on by you in the near future. This will generate approximately \$12 million annually, spreading the burden to all who shop in Moore, not just property owners. 90% of this revenue would address critical infrastructure: storm sewer improvements to combat flooding, constructing a public safety training facility for police and fire, and widening east-west streets from two to four or five lanes, and more. The remaining 10% will ensure our police and fire departments are adequately staffed and have top-tier equipment, like patrol cars and firefighting apparatus, keeping Moore safe.

This sales tax would reduce our reliance on General Obligation Bonds, lowering the City's portion of your ad valorem taxes. Knowing the impact property taxes have on a household budget, we have previously capped ad valorem at 16.5 mills (currently 14.5 mills) and, if approved, it would reduce it to 10 mills or less, over the next several years.

We want your input! Visit cityofmoore.com for more information and to share your thoughts. Once an election date has been set, Town Hall Meetings will be held. Together, we'll build a stronger, safer Moore.

Sincerely,

Mayor Mark

Christmas Light Show

Friday, Nov. 28 - Thursday, Jan. 1
The Station at Central Park
700 S Broadway Ave.
