Q: If approved, will this raise my property taxes?

A: The City is committed to keeping the millage rate at or below 16.5 mills for the City's portion of property taxes. Bonds are issued in increments to ensure the millage rate is at 16.5 mills or less. An increase or decrease would be determined based on past/future millage rates that fluctuate based on total assessed valuations each year. Again, the City of Moore is committed to keeping our portion at or below 16.5 mills.

Q: Is this one proposition or is each project voted on separately?

A: This is one proposition which includes all projects. These projects are spread out throughout the city, among all 3 wards.
