Spring is just around the corner, and it's one of my favorite seasons! As the trees wake up from their long winter rest, the brown grass transforms into vibrant green, and we can look forward to those delightful 70-degree days- perfect weather for a motorcycle ride or an outdoor adventure.

As we embrace this beautiful season, I encourage everyone to explore the exciting activities planned by our parks department. Whether it's community events, recreational programs, or simply enjoying our local parks, there's something for everyone to enjoy.

I want to remind you that construction should soon be underway for the 4th Street underpass. While this project may present some challenges, please make alternate travel plans if 4th St is part of your usual route. The improvements will be worth the wait, enhancing our city's infrastructure for years to come.

Let's also take this opportunity to be good neighbors. Take a moment to get to know those around you and lend a helping hand when needed. Together, we can foster a stronger sense of community.

Thank you for the privilege of serving as your mayor.
