Community Survey

Project: S. 34th Street Bridge over I-35 project

Name and/or organization completing the survey: _____

Introduction:

Thank you for agreeing to participate in this stakeholder meeting and completing the following survey. Please be assured that this survey is not meant to test how well you have learned your state history. We are using these series of questions to help us find out what you think honors and represents your state of Oklahoma and makes your particular community unique. As you review the questions, please take your time and summarize them how you wish.

Bridge Style

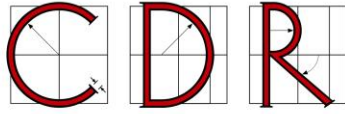

- A. What style bridge do you think would best represent the City of Moore: historical, contemporary, or futuristic?

- B. What features would you like to see on this signature/gateway bridge, for example, arches, lighting, color, etc?

Physical Environment/Geography:

- A. What part of your area's natural environment best represents your community?

- B. Is there a particular location and our outdoor activity that your community is known for and attracts locals and tourists

Built Environment:

- A. In your “built environment” what would best describe the architectural style of your community?

- B. What do you think are the most significant buildings and/or public places that best represent your community?

History; Heritage

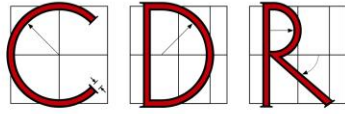

- A. How important do you think it is to use historic iconography as an aesthetic design element for future infrastructure projects?

- B. If so, which historical events, people, or places in your community, do you think are most important?

- C. If your community is culturally diverse now, or you feel it will be in the future, what cultures would be represented in your community’s population?

- D. Are those cultures represented with special events, buildings, developments or areas?

- E. Are there any well known, significant people from your community you feel should be represented?

Commerce: Technology

- A. Is there a specific kind of commerce or industry that your community is known for historically and in the present?

- B. Does the current tech industry have presence in your community now or do you think they will have in a presence in the future? If so, what tech companies are in your community now or are anticipated in the future?

Education

- A. Are there institutions of higher education, technology or specialized education centers in your community of note?

- B. If so, is their history significant to the history and/or future of your community?

Thank you!
