

Moore Residential Growth Numbers

There are approximately 23,000 residential properties in Moore.

The EF5 tornado on May 20, 2013 resulted in 1087 residential homes completely destroyed and hundreds more sustaining significant or major damage.

As of May 1, 2014, 549 residential homes have filed for a building permit with the City of Moore. Of these 549, some are completely built while others are in varying stages of construction.

Of the 1087 completely destroyed homes, only 8 homes are in the condemnation process. All others are a vacant lot or in the rebuilding process.

Of the hundreds of homes that received significant or major damage, 434 remodel permits have been issued through the City of Moore.
