## Prevent Stormwater Pollution at Home

Employ these simple practices during winter weather to prevent Stormwater pollution! Stormwater pollution is a major cause of water pollution in our urban and suburban streams.

- Shovel snow first to remove it from paved surfaces, like driveways and sidewalks, before applying snow melt and deicing products.
- Pile shoveled snow downslope of paved surfaces to help prevent icy and slippery conditions on pavement as snow melts and refreezes.
- Limit the use of de-icing chemicals and products on sidewalks and driveways since they can readily flow into storm drains and streams as ice melts. When de-icing products that contain salt and as other constituents dissolve, they seep into ground water and flow into streams where they can impair water quality, diminish soil fertility, damage plants, and harm aquatic life.
- Use environmentally-friendly alternatives such as clean clay cat litter, sand, or fireplace/stove ash, to avoid the need for products that can have damaging impacts and be harmful to the environment.
- Sweep up after snowmelt – Sweep and dispose of residual sand, grit, and litter to help prevent accumulation in streets and roadside ditches, clogged storm drains and culverts, and sediment pollution in streams.
- Keep gutters and drainage pathways clear and free of debris to prevent snowmelt from backing up and forming ice in places where you want to runoff to flow freely.
- Direct, or route, snowmelt runoff into nearby gardens and vegetated areas before applying salt and de-icing products.

For more information call the Environmental Services Department: (405) 793-5089

## SPRING BREAK CAMPS

### Art Camp

March 18th - 22nd // 9 a.m. - 12 p.m. // Ages 6-12 // \$95 (includes t-shirt)

Create colorful paintings, sculptures, jewelry, and more. You will use watercolors, paint, crayons, beads, strings, and clay. The camp is a lot of fun and the best part is you get to keep and take home what you make. This camp will be held at The Station Recreation Center.

### Gizmo's, Gadgets, & Thang's Camp Presents: Robots & Rockets

March 18th - 22nd // 9 a.m. - 12 p.m. // Ages 7-14 // \$95 (includes t-shirt)

Science has never been this much fun before. In this camp you will get to build and create your very own robot that will do multiple things. You will also get to build and launch rockets that you will get to take home at the end of camp. This camp will be held at The Station Recreation Center.

### Extreme Animals Camp

March 18th - 22nd // 1 p.m. - 4 p.m. // Ages 6-12 // \$125 (includes t-shirt)

Get ready for a wildly entertaining experience! Get up close and personal with endangered species, creepy crawlies and more! You will also learn about different habitats and create different types of arts and crafts that relate to those species and their habits. This camp will be held at The Station Recreation Center.

### Basketball Camp

March 18th - 20th // 9 a.m. - 12 p.m. // Ages 7-14 // \$70 (includes t-shirt)

For any young athlete who is looking to improve his or her skills, work hard, make new friends and have fun. Learn offensive and defensive skills and game type scenarios. This camp will be held at The Station Recreation Center.

### Volleyball Camp

March 21st - 22nd // 9 a.m. - 12 p.m. // Ages 7-14 // \$55 (includes t-shirt)

What better way to have fun than by getting to play volleyball for 2 days and learn some new athletic skills in the process. This camp will be held at The Station Recreation Center.

### All N 1 Sports Camp

March 18th - 22nd // 1 p.m. - 4 p.m. // Ages 7-14 // \$75 (includes t-shirt)

In this camp you will develop skills in a variety of sports that will include but not limited to football, baseball, soccer, volleyball & basketball. This camp will be held at The Station Recreation Center.

Register for any of our spring break camps between February 1 - March 20 at: [www.cityofmoore.com/fun](http://www.cityofmoore.com/fun)
