## Sewer Line Warranty Program

Many of you have received or are about to receive marketing material from Service Line Warranties of America (SLWA). This advertisement will contain information regarding the purchase of a sewer line warranty program which covers the cost of repairs in the event your outside, buried sewer line needs repair. By agreement with the City and approval by City Council, this advertisement contains the City of Moore logo on the letterhead. Although the City of Moore logo is present on the advertisement, the SLWA is an independent company separate from the City of Moore and enrollment in the program is completely optional. Your choice of whether to participate in this service plan will not affect the price, availability or terms of service you have with the City of Moore. The City of Moore's involvement in the program is simply our wish to make the homeowner/citizen aware of this optional program.
